Room Options

When scheduling your party online, you will be given the option between the classroom and multipurpose room space.

The classroom comfortably holds about 35 people. There are some small animal habitats in the classroom. For larger groups, we suggest the multipurpose room, which can hold approximately 55 people.

The zoo reserves the right to cancel a party for any reason.

Attendance Count

The basic party package includes zoo admission for up to 25 guests. Add \$8.24 for each additional guest. The zoo needs an estimated attendance count a minimum of five days prior to your party. All guests who enter the zoo (adults and children) must be included in the attendance count. Children 2 and under are free.

Arrival and Departure

You do not need to arrive early for your party. The zoo team will have everything set up! Should you wish to come early to greet your guests, you may do so up to a half hour prior to your party start time.

Our team will be waiting for your guests to arrive and will direct them to the party room. Latecomers can check in with the admissions gate for directions to the party room, which will be located in a zoo classroom on the lower level of the main zoo building.

You are given access to your party room for the two hours designated for your party. Due to the large amount of educational programs and parties conducted at the zoo, you must be out of the party room on time. If the zoo is open, you and your guests may remain at the zoo, visiting the habitats on your own. Please ask for hours of operation when booking your party.
